LOCAL NEWS.

BORN—Dec. 1, to the wife of P. T. Robertson, a daughter.

Dr. J. B. Leonard arrived from Payson on Saturday and expects to remain here for several weeks.

Lost—A pocket expense and memorandum book. Will pay finder \$2.50. Inquire at Kinney House.

Mrs. Will O'Brien, sister of Mrs. Lyman Woods, is expected to arrive from Los Angeles today to spend the winter here.

D. M. Gerard was brought in from Lost Gulch on Tuesday, suffering from typhoid fever. He was somewhat better this morning.

J. W. Voris, late Democratic candidate for sheriff, was in from Pleasant Valley in attendance upon court. He is not cast down by defeat, and is as jovial as ever.

There will be a grand masquerade ball given on New Year's eve at the new hall opposite Melutosh's blacksmith shop. Prizes will be given for best costumes, characters, etc.

I. Marks, partner of S. Goldberg in the St. Louis Store, left yesterday for St. Louis to spend the holidays with his family and will probably be absent from Globe four or five months.

H. T. V. Blewins and members of his family desire to thank the friends who assisted them and sought to lighten the burden of their sorrow during their recent severe trial and affliction.

Attention is called to the professional card of D. A. Clark, M. D., specialist in eye, ear, throat and nose diseases, in the treatment of which he has had an extended practice. Office at Mrs. Moore's.

Court stood at recess this morning until further orders, which implies that Judge House may return later to dispose of important civil suits. He left this morning for Tucson, and expects to hold court in Florence next week.

Francis Jordan left on Tuesday for St. Joseph, Mo., and other eastern points to spend the winter with relatives and old friends. He has been a resident of Globe for the past 16 years, and has no intention of quitting Arizona for good.

Rev. R. A. Winder, formerly Baptist preacher here, writes that he will be in Globe on the 13th and 14th of December to look after his interests in this vicinity, and may conclude to sell his cattle. His address will be in care of the SILVER BELT.

Prof. James Douglas, president of the United Globe mines, spent several days of the past week here in consultation with Supt. E. H. Cook. He took his departure on Tuesday, Mr. Cook taking him to Geronimo by private conveyance.

The card of Dr. W. M. Claypool will be found under the head of professional advertisements. The doctor's office for the present is at Hitchcock's drug store. For the next few weeks he will answer calls to the country.

The Lost Gulch Mining Company started their 10-stamp quartz mill last Saturday for a trial run. It is one of the most complete mills in Globe district, furnished with the newest and most approved appliances for saving the yellow metal.

The ball and supper given by Alexander Relief Corps on Thanksgiving night was an enjoyable and successful affair, and reflected credit upon the lady managers. The receipts of the entertainment exceeded one hundred dollars.

We are requested by the relatives of the late Mrs. Jennie Devore to extend to their friends at Wheatfields and Globe their heartfelt thanks for words of sympathy, and assistance rendered during the last ordeal through which they were called to pass, and for which kindness they will ever feel grateful.

Several of the papers in the Territory are advocating the appointment of Judge E. B. Williams of Fima county, as one of the judges of the Supreme court of Arizona. His many friends favor him to be well qualified for such a position, being an able lawyer, standing high in his profession, a true republican and an old soldier; and if appointed will ably and satisfactorily fill the position.

Lee Ikenberry, representative-elect to the 19th legislature, came down from Richmond Basin last Saturday. Lee's luck seems to be perennial. He is the owner of the Bland mining claim, from which he and others have taken thousands of dollars in silver nuggets. The ground was supposed to have been worked out long ago, but Lee continues to find nuggets of almost pure silver every little while. Last week he dug out twenty-five pounds of nuggets. They are much sought after as cabinet specimens and sell for \$5 per pound.

HYMENEAL.

The social event of the past week was the marriage of Mr. William Whenthoff and Miss Aurelia Borques, which took place on Saturday evening at the residence of Mr. and Mrs. Eugene Middleton. The relatives of the bride and a few friends of the contracting parties witnessed the tying of the knot, which was done in the most approved fashion by Probate Judge Mills Van Wagenen. The bride and groom were attended by Mr. Modesto Borques and Mrs. Eugene Middleton, brother and sister of the bride, and the ceremony was most pleasing.

At its conclusion the happy couple received the congratulations of their friends present, and the remainder of the evening was agreeably spent in social converse and in partaking of a sumptuous wedding supper. The presents were numerous and will help to adorn the lovely new home, on Hill street, which had been prepared for their reception. Mr. and Mrs. Whenthoff are an estimable couple and we join with others of their friends in wishing them happiness and prosperity.

Called to Her Reward.

Mrs. Melissa Blewins, wife of H. T. V. Blewins, died on Saturday, Nov. 28, after an illness of a year and eight months duration. Although her demise had been expected for some time by members of her family, nevertheless the severance of the earthly tie was none the less distressing. What name is sweeter than wife and mother, and what can compensate for her loss? There is only the consolation of a life nobly spent, devoted to her God and her family, and the knowledge that her suffering is ended and that she has gone to her reward. Mrs. Blewins was born in Ray county, Tennessee, and had reached the advanced age of 63 years and 8 months. She had long been a resident of Globe, and her husband and five grown children live in Globe and vicinity, and their many friends unite in tendering sympathy and condolence in their bereavement.

The funeral took place from the M. E. church on Sunday in the presence of a large assembly of sorrowing friends. Rev. L. L. Rogers delivered a feeling address and appropriate music was rendered by the choir. The scene at the church and grave were most affecting, and the manifestations of sorrow evidenced the high regard in which the deceased was held. Her was a life devoted to duty, an example for others to emulate.

Death of Mrs. Jennie Devore.

One of the saddest occurrences which we have been called upon to record recently, is the death of Mrs. Jennie Devore, wife of James Devore, and daughter of Mr. and Mrs. N. H. Price, which took place on Friday last, at the home of Mr. and Mrs. David Devore, at Wheatfields. Deceased had been for many months a sufferer from that dread disease, consumption, contracted in Oklahoma, where the family had resided for several years, and as her condition was rapidly growing worse, she was brought to Globe about October 1, in the hope that the change of climate and return to her parents and kindred might have a beneficial effect and prolong life. The disease had progressed to far, however, and medical skill and loving attentions were unavailing.

Mrs. Jennie Devore was 28 years of age; she was possessed of many womanly virtues which endeared her to family and friends, and her untimely death is an irreparable loss to the husband and three children, the oldest eight years of age.

The funeral took place on Saturday afternoon from the M. E. church, and was largely attended by the friends and acquaintances of the bereaved family. Rev. L. L. Rogers officiated and the services were most impressive. The editors of THE SILVER BELT join with other friends in tendering heartfelt sympathy to the afflicted family.

In the first contest between Fitzsimmons and Sharkey, at the National Athletic Club, San Francisco, last night, Sharkey was given the decision on a foul in the tenth round. The fight was hotly contested throughout and Sharkey appeared to have slightly the best of it until knocked out by a blow under the belt.

Globe experienced wintry weather during the past week which, however, was only the spent force of the blizzard and intense cold that prevailed throughout the northwestern and middle states. Chas. Banker profited by the cold snap by storing ice in his ice house on Final mountain. The weather has moderated and is again pleasant.

Joe W. Masters, treasurer of the Kasser G. M. Co., arrived from New York last Sunday to take charge of the affairs of the company, which has been without a local head for the past two weeks owing to the unfortunate demise of Col. A. O. Crane, late manager. Col. Crane's condition has improved somewhat and hope of his recovery is entertained.

Yon-Boy West Live a Month.

So Mr. Gilman Brown of 34 Mill st., South Gardner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria and he spent three hundred and seventy-five dollars with doctors who finally gave him up saying: "Your boy won't live a month." He tried Dr. King's New Discovery and in a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in the world for lung troubles. Trial bottles free at H. C. Hitchcock's drug store.

The report that Frank Johnson, late of Globe, had a hand cut off in an attempt to board a moving train is incorrect. The operator at Geronimo states that two men had stolen a ride on a special train from Geronimo to Ft. Thomas, and in their hurry to get off and avoid detection one of them, supposed to be Frank Johnson, fell over the other and cut his hand severely on a broken bottle. The injury may lay him up for a month.

A Welcome Usher of '97.

The beginning of the new year will have a welcome usher in the shape of a fresh almanac, descriptive of the origin, nature and uses of the national tonic and alternative, Hostetter's Stomach Bitters. Combined with the descriptive matter will be found calendar and astronomical calculations absolutely reliable for correctness, statistics, illustrations, verses carefully selected, and other mental food highly profitable and entertaining. On this pamphlet, published and printed annually by the Hostetter Company, of Pittsburg, 60 hands are employed in the mechanical department alone. Eleven months are devoted to its preparation. It is procurable free of druggists and country dealers everywhere, and is printed in English, German,
